

CAMINO DE SANTIAGO SCHOOL EXPEDITION

THE PORTUGUESE ROUTE

Your students will experience Europe's most legendary pilgrimage as they undertake an epic 8-day, 144km journey from Tui to Santiago de Compostela.

This isn't just a walk—it's a transformative adventure that challenges physical limits, builds unbreakable bonds, and connects young people with centuries of human pilgrimage along ancient pathways through the heart of Galicia.

THE ULTIMATE ADVENTURE CHALLENGE:

- 18km daily stages across stunning Spanish countryside
- Authentic pilgrim experience in historic albergues and family-run pensions
- Cultural immersion through medieval towns and vibrant local communities
- Personal resilience tested and strengthened over multiple days
- Life-changing connections with fellow pilgrims from around the world
- Official Compostela certificate upon completion of the 100km+ journey

This demanding expedition develops self-reliance, mental toughness, and cultural awareness while students become part of a tradition spanning over 1,000 years. They'll return home not just as travelers, but as certified pilgrims who've proven they can overcome any obstacle.
